Markets

- Chemical
- Petrochemical
- Oil & Gas industries

Applications

Control of solenoid valves in hazardous areas Zone 1-21

Benefits

- Light and compact design
- Highly resistant to corrosion
- Easy mounting and dismounting
- Easy maintenance
- Modular with all other current ATEX Parker Lucifer coils
- Inventory reduction for distributors
- The coil can be assembled or disassembled from its valve very easily
- Quick electrical cable connection
- The coil permits reversible up or down position of the threaded 1/2" NPT cable entry with 360° rotation capability

ENGINEERING YOUR SUCCESS.

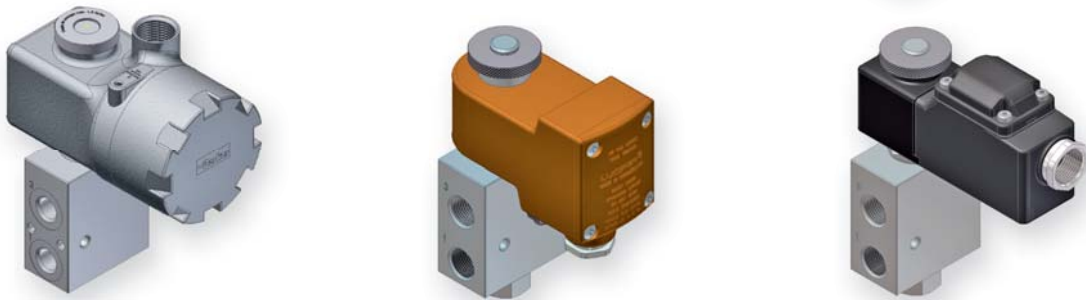

Technical Data

- All metallic housing is made of full 316L stainless steel.
- Low Power consumption 8W Max
- 1/2" NPT cable entry
- Protection level IP 66
- Peak voltage suppression and AC rectification included as standard

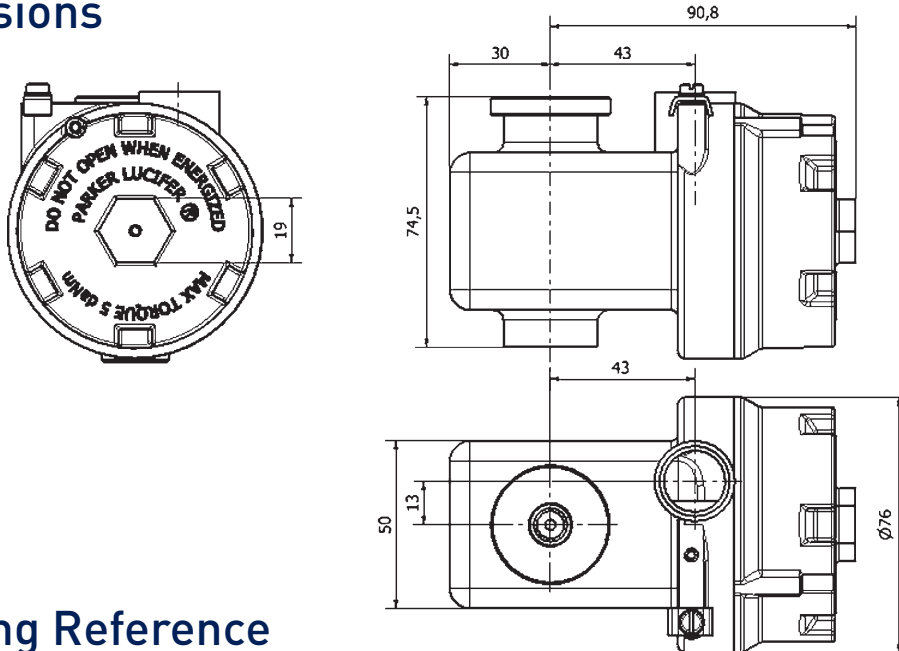

ATEX "d" Coil Ref. 497105 is compatible with existing Parker Lucifer Valve X, V, and F Series.

ATEX "d" Coil Ref. 497105 is modular with all other current ATEX Parker Lucifer coils.
